

RCSTARS Plug and play LCD advertising Display enables the retailers or end users to show targeted messages easily and conveniently. Contents can be updated regularly and quickly using a USB / SD card with auto-copy functionality. Just copy the contents into USB Memory stick / SD card from PC, insert the USB into display, then contents will be copied into built-in memory card automatically.

The player is also capable of playing files in all kinds of media formats with scrolling text. As all displays come with a free user-friendly playlist editing software. This software allows you to manage the media playlists, arrange when ads display and how long should they display, also can set on/off time. It makes the advertising be more easily to manage.

Key Features:

- ◆ Support Picture, Music and Video in 1080p
- ◆ Support SD, USB, HDMI
- ◆ Support 5 groups timers for auto turn on/off
- ◆ Auto play the designated file at the specific time
